

### Group 2:

Our group really enjoyed the STEAM day and all the experiments we did. It is not often we get to spend a whole day making things and trying them out. Our groups worked well and everyone helped each other to complete all the tasks.

We learned a lot about the world and how lots of people do not have clean water or electricity. We learned about how solar energy works and how you can use it to cook food or warm water if the temperature is high enough. We also learned about parabolas, energy conversion and graphs.

Our experiments work quite well but we found it hard to get our oven warm enough to get the water to the temperature we needed to. It was not a sunny day so we had to use a lamp to generate light and
